"COVID-19 AND ITS IMPACT ON SDGs' TARGETS"

**25-27
OCTOBER
2021**

ABOUT THE CONFERENCE

DUSF'20 x HMUNEA'21 is a three-day youth conference and the fusion of Harithkram's two flagship events — **Delhi University Sustainability Forum** and **Harithkram Model United Nations Environment Assembly**. This fusion will mark the **Fourth Edition** of the Delhi University Sustainability Forum and the **Fifth Edition** of Harithkram Model United Nations Environment Assembly.

This year, DUSF under its **School Outreach Programme** aims to channelise the potential of young school children towards a greener world through the medium of **School Students' Conference (SSC)**. The participants from the selected schools will get an opportunity to witness the proceedings of a University level Conference and interact with learned experts, which will equip them better for higher education and their role in the society.

The **Fifth Edition** of **HMUNEA** will offer young scholars from diverse backgrounds to brainstorm, debate and discuss the onslaught of COVID-19 on SDGs' targets and make the discourse on the environment richer. It is a splendid opportunity for young voices to ensure a clean, green and fresh environment. In its own modest way, **HMUNEA** will fulfil the aims and goals set out by the founders of the United Nations in the Preamble of the Charter: **“to produce tolerance and live together in peace as good neighbours.”**
